GRADUATE DIPLOMA OF MANAGEMENT (LEARNING)

2024 COURSE GUIDE

www.spectrumcollege.edu.au

INTRODUCTION

Welcome to Spectrum College Graduate Diploma of Management (Learning) program. This course guide is designed to provide you with comprehensive information about the program structure, learning outcomes, assessment methods, and support services available to you.

PROGRAM OVERVIEW

Graduate Diploma of Management (Learning) specifically emphasizes the principles and practices of learning and development within the context of management. The curriculum may cover areas such as instructional design, workplace training, talent development, and strategies for organizational learning.

UNITS OF COMPETENCY

The program consists of several core and elective units of competency. These units cover a range of topics relevant to leadership and management, including:

QUALIFICATION

BSB60420 - ADVANCED DIPLOMA OF LEADERSHIP AND MANAGEMENT

- TOTAL DURATION 104 WEEKS
- STUDY METHOD 80 WEEKS
- HOLIDAYS 24 WEEKS

Strategic leadership and management

Organizational development and change

Learning and development strategies

Knowledge management and innovation

Performance management and evaluation

Assessment Methods

Assessment in this program is conducted through a variety of methods, including written assignments, presentations, case studies, research projects, and reflective journals. Each unit of study will have its own assessment requirements, which will be clearly outlined by your instructors.

Student Support Services

We offer a range of support services to assist students throughout their studies, including academic advising, library services, career counseling, and disability support services. Our dedicated support team is here to help you succeed in your academic and professional endeavors.

Delivery Modes

The program is delivered through a blend of face-to-face classes, online learning modules, seminars, workshops, and practical exercises. This flexible approach allows students to engage with course materials in various formats and to participate in interactive learning experiences.

Career Pathways

Upon completion of the program, graduates may pursue various career opportunities in management, learning and development, organizational consulting, and leadership roles across diverse industries. Some potential career pathways include learning and development manager, organizational development consultant, training manager, and human resources director.

Learning Resources

Students will have access to a range of learning resources, including textbooks, academic journals, online databases, multimedia resources, and industry publications. These resources are designed to support students in their learning journey and enhance their understanding of key concepts.
